

Career Cruising Quad Cities

Be a part of it!

What is Career Cruising Quad Cities?

Career Cruising Quad Cities is the latest career awareness initiative backed by the Moline Foundation, Illinois Quad City Chamber of Commerce and Junior Achievement. Understanding that businesses rely on talented and skilled workers to be successful, our group has partnered with Career Cruising (www.careercruising.com) to implement their program in our Greater Rock Island County high schools. Our focus for the program is to help develop, attract and retain your future workforce needs.

How can I be a part of this?

It's as simple as signing up online! Open your Internet browser to www.quadcitychamber.com and go to the "Chamber Launches Career Awareness Initiative" article found in the Latest News section and click the "Sign Up Today" link.

There are many different ways of participating:

- 1 Provide a Company Profile – This will increase the visibility of your company in the community. It gives students access to important information such as what occupations you hire, your company website, and what industry you represent.
- 2 Be a Career Coach – Be an online career mentor by answering student questions on an occupation discussion board. Answering their questions from any computer in just minutes will help them understand what really goes on in your field!
- 3 Work-Based Learning Programs – Participate in any one of the in-person activities such as being a guest speaker, giving company tours, providing volunteer opportunities, and job shadows. Help engage our students in learning opportunities outside the classroom!
- 4 Company Message Board – Answer questions about your company online. Help nurture your future workforce in only minutes of your time, from any computer!
